Keesing Documentchecker Guide

Essential guide for checking North American ID documents

Essential guide for checking US, Canadian and Mexican IDs

Keesing Documentchecker Guide

For on-the-spot ID verifications, speed matters. When people are waiting, there's no time to waste trying to determine whether an ID is genuine. You need a reliable reference that gives you the essentials instantly. Keep a copy of Keesing Documentchecker Guide at your desk, under your bar or sales counter or at the door to protect your business – and your customers – from ID fraud.

Our Documentchecker Guide leads you through the verification process and enables you to perform a reliable ID check. This compact and comprehensive printed guide features clear and actual-size front, back and UV images of current and prior valid driver's licenses and ID cards of the United States, Canada and Mexico. It includes corresponding essential security features for easy, quick and effective ID verification in a spiral bound book.

The most complete guide to North American IDs on the market created by the world leader in printed and online ID verification solutions

Keesing Documentchecker Guide is a product of Keesing Technologies, the world's leading provider of online and printed solutions for the inspection and verification of ID documents since 1911.

More IDs, more images

- Actual size IDs
- Details of up to 20 different security features
- Up to 10 key security features per ID highlighted, including images
- Everything you need to check an ID document on one page

REAL ID Documents by US state and territory

The REAL ID act sets federal standards for the issuance of driver's licenses and other forms of identification. All states should be REAL ID-compliant as of October 1, 2021. The Documentchecker Guide 2021 includes a quick-reference section listing the REAL ID symbols and implementation date for every US state and territory.

Documentchecker Guide is an indispensable tool for the verification of North American IDs

Useful foldouts with tips for checking the person presenting the ID, and a guide to security features.

Documentchecker Guide offers essential tips for checking the person presenting the ID to help you assess whether he or she is its legal holder.

These tips are conveniently located on a foldout at the front for use during the ID check. A special index and reference tool (back foldout) illustrates a range of security features. Each security feature is colour coded to correspond to coloured nodes shown on actual ID document images. Documentchecker Guide is printed on high-quality coated paper stock and is spiral bound for lay-flat use.

Keesing Technologies

Keesing Technologies was founded in 1911 and leads the way in digital identity verification. The objective of Keesing is to help organisations prevent counterfeiting and combat fraud by providing the world's best verification solutions. The technology used is powered by over 100 years of experience and accumulated knowledge.

Keesing's cutting-edge digital onboarding technology provides an easy-to-use identity proofing process that incorporates biometric checks and extensive ID document verification. The technology was especially designed for remote identity verification, providing a secure and efficient onboarding process for both the business and its customer. The company works with various organisations around the world to streamline and secure their customer onboarding processes. Keesing's solutions are known for their security, accuracy and usability.

Keesing is the owner of the world's most comprehensive source of genuine ID documents: Documentchecker. The database provides you with authoritative access to international ID documents and banknotes from over 200 countries. Documentchecker powers all Keesing's products and includes detailed descriptions and high-quality images of thousands of passports, ID cards, driving licenses, residence permits and visas.

As a thought leader in the field of identity verification and fraud prevention, Keesing shares its expertise and knowledge through workshops, e-courses and lectures given by experts from its renowned education center: the Keesing ID Academy.

Keesing cooperates with international government agencies as well as embassies, consulates and central banks and serves more than 6,000 organisations worldwide, including banks and other financial institutions. Keesing has offices in the Netherlands, France and USA, and collaborates with distributors, strategic partners and agents all over the world.
